

COMMON CITY LIVING IS WARDMAN'S PLAN

Will Park Large Tract and
Erect Ten Modern Apart-
ment Houses.

Plans are now being prepared which, if consummated, will develop community living in Washington on a scale not yet approached by any American city.

Harry Wardman has contracted for a portion of the Thomas E. Waggaman estate, comprising twenty acres west of Connecticut avenue and south of Woodley lane, on which he proposes to erect ten seven-story apartment houses.

Though the architectural plans have not yet been drawn, as contemplated the project when complete will represent an investment approximating \$2,000,000.

The property is bounded on the east by Twenty-fourth street, on the west by the Massachusetts avenue subdivision, on the north by Connecticut street extended, and on the south by Rock Creek.

The transfer of the major portion of the property involved now merely entails on ratification by the court of the contract into which the receivers for the Waggaman estate have entered with Mr. Wardman. Mr. Wardman owned a small portion of the land that will be embraced in the development. Acquisition of the remainder was arranged by Joseph H. Keane, the consideration involved being about \$200,000.

Mr. Wardman's present idea is to park the entire tract. Each of the ten apartment houses will stand on a two-acre lot, and have its own small parking place. The roads and streets through the tract will be built to follow as closely as possible the contour of the land.

Mr. Wardman wishes to make the community as attractive as possible, and give it an appeal to an exclusive clientele. A series of tennis courts will be built on the site, and swimming tanks, and these residents who are golf enthusiasts will find opportunity to keep in practice on the putting greens that will be constructed in the park.

Unique innovations will likewise be incorporated in the construction of the apartment houses.

ALLIGATOR CAUSES A RAILROAD WRECK

Gasoline Engine Derailed by Animal and Man Killed.

NORFOLK, April 7.—How an alligator crawled to a sunny spot on a railroad track, upset the small gasoline engine, and thereby caused H. Kinard Smith to be thrown to his death in Martins Creek in Honduras, was told today by passengers on an incoming United Fruit Company boat.

Smith, a graduate of Virginia Polytechnic institute, was employed as a United Fruit Company engineer.

Mrs. C. W. Doughtie, his sister, of Norfolk, has asked the State Department to arrange for removal of the body here.

First Nutrition Talk At the Museum Today

Dr. Graham Lusk, of Cornell University, will speak on the same subject next Friday, while Dr. E. B. Forbes, of the Ohio experiment station, and Dr. Carl Voegtlin, of the United States Public Health Service, will deliver lectures April 21 and 28, respectively.

School Official Discusses Teaching of Children

Dr. E. G. Kimball, supervising principal of the seventh division of the public schools, was the principal speaker at the meeting of the Mothers' Club of the Dent School last night.

Dr. Kimball took as his subject, "When Is a Child Ready for Promotion?" He dwelt on the importance of reports a child receives at school and of the great importance of parents and teachers following up these reports.

He declared that the reports tell their own story, the marks showing whether or not the child is slated for promotion or failure.

One Dollar Kills Million Mosquitoes

NEW YORK, April 7.—"A dollar kills a million," was the slogan adopted at a meeting of the Interstate Anti-Mosquito League, held here today for the campaign to exterminate the pests in Greater New York, New Jersey, and Connecticut.

The week of May 1-7 has been set aside as mosquito week in this city. School children are expected to play the most prominent part in the work of extermination.

British Officer Describes The "Garden of Eden"

LONDON, April 7.—An officer serving in Mesopotamia wrote home today as follows:

"The Garden of Eden is not many hundred yards from my camp. On the river front grows a tree, which has long, yellow beans and feathery leaves. It is the only one of its kind here, and 'T. Atkins' has named it 'The Forbidden Tree.' In its vicinity small Arab boys hawk cheap cigarettes, biscuits, and tinned milk and the locality is known as 'Temptation Square.'"

If you suffer from any of the many ailments that accompany weak, clogged-up or diseased kidneys, you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The principle of Solvax is such that it is practically impossible to take it into the human system without some beneficial results.

Why Not Find Out?

Week after week we have presented to you our claim of selling you a superior coffee at a low price. We make it very easy for you to prove this assertion and benefit by the big saving in price.

To tell you that we can sell you coffee at 22 cents per lb. that is just as good as most coffees selling at 30 cents, we admit is making a statement that needs some convincing proof. We are offering a coffee that pleases the taste of a great majority of people, and at a price that virtually defies all competition.
